

## **ANS 8.10 CRITERIA FOR NUCLEAR CRITICALITY SAFETY CONTROLS IN OPERATIONS WITH SHIELDING AND CONFINEMENT, USES AND PURPOSE—PANEL**

**Session Organizer: Andrew W. Prichard (PNNL)**

### **Panel Discussion**

The panel will discuss the value of using ANSI/ANS-8.10-2015, “Criteria for Nuclear Criticality Safety Controls in Operations with Shielding and Confinement.” The panel will include discussion of the risks, benefits, and concerns of using this standard in different facilities.

*Panelists to be announced.*
